

Stormproof Matches

Windproof, Waterproof, Stormproof

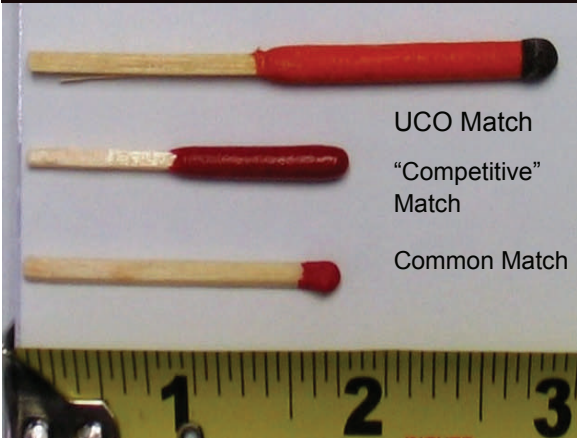

UCO is pleased to introduce the *ultimate* Stormproof Match.

Unlike other “waterproof” or “windproof” matches, the UCO Stormproof matches are easy to light, and will stay lit for up to 15 seconds, even after being submersed in water!

Being able to reliably make a fire is vital for cooking, generating warmth, and in survival situations, making signal fires.

The UCO Stormproof Matches are perfect for camping and emergency kits. The UCO Stormproof matches should be part of every 10 Essentials check list.

Available in peg-able single and twin packs, as well as a Point of Purchase Countertop display with 30 boxes. Each box contains 25 matches and spare strikers.

UCO Match

“Competitive” Match

Common Match

- Easy to light, and stays lit even underwater!
- 15 second burn time is nearly 3 times as long as other “wind proof” matches.
- UCO Stormproof Matches are 2 3/4 inches long, much longer than other brands. In addition to a longer burn time, this extended length allows for added safety to keep from burning fingertips.

Part Number	Description	UPC	MSRP
